Re: Radio One of Indiana, LLC  
WTLC (AM), Indianapolis, Indiana  
Facility Identification Number: 51433  
Special Temporary Authority

Dear Ms. Hall-Harris:

This is in reference to the request filed June 3, 2010, on behalf of Radio One of Indiana, LLC ("ROI"). ROI requests further extension of the special temporary authority ("STA") granted on June 13, 2008, to operate Station WTLC with emergency antenna facilities pursuant to Section 73.1680.<sup>1</sup> In support of the request, ROI provides a report of its progress toward restoration of the station's facilities which were damaged by flood. ROI states that the project is nearing completion.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made substantial progress toward restoring licensed operation. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WTLC may continue to operate during nighttime hours with an emergency nondirectional antenna and reduced power not to exceed 0.25 kilowatt. It will be necessary to further reduce power or cease

---

<sup>1</sup> WTLC is licensed for operation on 1310 kHz with 5 kilowatts daytime and 1 kilowatt nighttime, employing a directional antenna during nighttime hours only (DA-N-U).

operation if complaints of interference are received. ROI must notify the Commission when licensed operation is restored.<sup>2</sup> ROI must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **December 22, 2010**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller", with a long horizontal flourish extending to the right.

Charles N. Miller, Engineer  
Audio Division  
Media Bureau

cc: Radio One of Indiana, LLC
